About the sound performance

Uncertain Sounds

12.09.-16.09.2018

»Uncertain Sounds« gathers a selection of artists from the field of experimental electronic music. They are invited to explore the sonic universe between acoustic reality and symbolic sound, to ultimately shape and depict sonic landscapes by means of their individual and performative approaches to sculpting sound. The acts are accompanied by performative elements and visuals.

Coquetta

Coquetta flourishes in a sardonic cosmetic beautifying ritual, amongst dandizetric' discords and modified 'pink-taxed' items. The desired flawless looks unveil their poisonous essence; lead and arsenic being one of the all-time favourite chemical compounds used in makeup.

The step-by-step body preparation occurs as a rhythmical daily toilette routine. Hair combing, moisturizing, scrubbing, eyelash curling, eye-shadowing, powder-puffing, lipstick application, and other sounding manoeuvres get chiselled by the control voltages of the tapping electric-stilettos. The buzzes of the body appearance altering devices blend inside of the to-go wig boxes and other flirtatious velvet gizmos soldered merely from trash finds.
