About the sound performance

Uncertain Sounds

12.09.-16.09.2018

»Uncertain Sounds« gathers a selection of artists from the field of experimental electronic music. They are invited to explore the sonic universe between acoustic reality and symbolic sound, to ultimately shape and depict sonic landscapes by means of their individual and performative approaches to sculpting sound. The acts are accompanied by performative elements and visuals.

Felicity Mangan

Quadra'frog'ic II

Quadra'frog'ic II - presents a quasi-bioacoustic piece utilizing found and self-recorded animal sounds amplified through a stereo sound system and transducers attached to found objects.

About the artist

Felicity Mangan

Felicity Mangan is an Australian sound artist and composer based in Berlin, Germany since 2008. In different situations such as solo performance, collaborative projects with other musicians or installation, Felicity plays her found native Australian animal archive, either through a stereophonic system or often via hand-made speakers made from recycled or displaced objects. Felicity has presented work in various setting including Opera Mexico city, Berlin Atonal, CTM Belin, Ableton Loop summit. While releasing a debut EP 'CAMO' with duo project Native Instrument on Shelter Press.
